

ALERT: #Gen-06-307-01

DATE: Nov. 3rd, 2006

The instructions to make the DVD-566R function in Europe are as follows:

1. Put in a US disc.
2. Let it spool up till the LCD read out on the unit stops saying "load"
3. Press "stop" wait 1 second
4. Press "stop" wait 1 second
5. Press "SUB-T" wait 1 second (1st time)
6. Press "stop" wait 1 second
7. Press "SUB-T" wait 1 second (2nd time)

Continue alternating "Stop" and "SUB-T" until it goes to a Green screen that reads

REGION EDIT : _

REGION CODE : 1

8. You will then need to Press "0"
9. Press "Band/enter
10. Press Play

Now put in the euro disc to test. This should now play ALL REGIONS disks.
