Luhrs Releases New 41 Convertible

Luhrs Corporation, part of the Luhrs Marine Group, continues on its course to introduce new products on an aggressive schedule. The latest launch is the new 41 Convertible.

At an overall length of 44'6" and weighing in at 36,000 lbs, this 41 Convertible is no lightweight; she is built to fish offshore. A gentle rise to the sheer, an aggressive bow flare and a rounded tumblehome are all marks of a custom boat, and the 41 carries them well. Engineers achieved their mandate to produce a great running offshore boat and combine it with the latest in comfort and amenities.

A professional interior designer was retained to create an upscale interior utilizing custom fabrics throughout a spacious cabin. The 41 Convertible salon features the latest in entertainment equipment and a full amenity galley. The staterooms are sumptuous and fitted with first-class appointments including standard inner spring mattresses.

Fishing features that are expensive options on most boats are standard on the 41. They include a hardtop with three-sided enclosure, bait prep centers with livewell and tackle storage, fresh and saltwater washdowns, cockpit fishboxes with macerators and even the rod holders!

SPECIFICATIONS

Length Overall	44' 6"	13.56 m
